MANAGEMENT

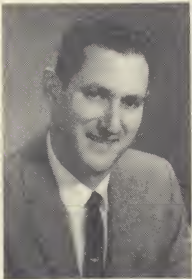

PRESIDENT

Kenneth M. Rehler has 20 years of engineering and business experience since his BS degree in EE from M.I.T. Master's work at M.I.T. was completed in 1951. Mr. Rehler entered the computer field in 1948, and worked on 4 MC and 8 MC computers in the Raytheon Computer Labs for 6 years. He was technical-head of those Labs for 2 years. He next co-founded Computer Control Co. and contributed materially to its growth as V.P. for 3 years. Two years as Mgr. of Data Systems in a division of Stromberg Carlson was followed by 4 years of independent professional consulting. Mr. Rehler formed CLC in 1960 to design and manufacture modern proprietary products and peripheral systems.

VICE PRESIDENT AND GENERAL COUNSEL

William Calfas is a graduate of the UCLA School of Business Administration (accounting major), the UCLA School of Law, and is a member of the State Bar of California. He has been associated with CLC since its formation in 1960. He supervises the financial and legal affairs of the Company, and serves as chief executive officer in the absence of Mr. Rehler. During the past 10 years Mr. Calfas has been associated with a number of firms in the electronics industry. His accounting, financial and legal experience in the defense, space and related technological fields is extensive.

MANUFACTURING MANAGER

Robert A. Sable has his degree in business and management, and has many years of experience in the electronics industry. Specifically, Mr. Sable spent 5 years in the Radar and Missile Dept. of Bendix dealing with the manufacture of R&D devices and of production units. He next joined Kauke & Company, Inc. of Santa Monica as Production Manager, manufacturing Data Acquisition and FM Telemetry Systems. He originated policies governing Purchasing, Material Control, and Quality Assurance. In 1959, Mr. Sable was promoted to Manufacturing Manager responsible for scheduling, production and pricing of proprietary and special end items. In 1961 he became Vice President and General Manager and directed all corporate functions except sales and finance. In early 1963 Mr. Sable joined Computer Logic Corporation.
